Animal Communication workshop with Kathryn Ronayne Scorza

Saturday 22nd October 2011
10am - 6pm

Have you ever wondered what your pet is thinking?

Have you ever felt you know what your pet is feeling?

Have you ever wished you could ask him or her
questions and get answers?

Well, you can!

Discover and develop your ability to telepath with animals, clearly and powerfully, in this intensive one day workshop.

Telepathy with animals is a learned skill, reconnecting us with the ability we were all born with: to engage instinctively with animals and the natural world around us. Too often we lose touch with that sensitivity as we grow up.

Working with a mix of photographs and small animals, we will spend the day rediscovering that amazing connection together.

Location: East Finchley, North London

**Fee: £80. Early booking fee, £70 for bookings made before 23rd September.
Children aged 9-16, half price.**

This will be a small group, so book early to assure your place. Payment can be made via Paypal on the website www.kathrynrnayne.com where there is also more information about animal communication. Or contact Kathryn on info@kathrynrnayne.com or by calling 020 8444 5498.

Kathryn is co-Director of the Soul Therapy Centre and a registered spiritual healer and hypnotherapist. She works as an animal communicator for clients all around the world. She was trained by Amelia Kinkade, the world famous interspecies communicator, who included one of Kathryn's cases in her 2006 book 'The Language of Miracles'.
